## **Mission Moment – Sunday, August 7th**

**Conflicts in Yemen, Syria, Afghanistan and, most recently, Ukraine have caused mass displacement of millions of people.** As a result, many struggle to make ends meet and severely lack food, causing some to experience extreme hunger and malnutrition. Through Presbyterian World Service & Development, the church is responding to these urgent needs. In Syria, food baskets are provided to internally displaced people and their host communities. In Yemen, local partners supply food vouchers to help the most vulnerable families meet their basic needs. In response to the war in Ukraine, food assistance is being provided to those displaced in the country as well as to those who have fled to neighbouring countries. This emergency food assistance is done in collaboration with its ecumenical partners at Canadian Foodgrains Bank, where funds are matched.

### **From St. David's Auxiliary (Atlantic Mission Society)**

Lord, we see the horrifying consequences of violent conflict around the world. We pray for peace on earth, and for PWS&D partners assisting communities in Yemen, Syria, South Sudan and too many other places to name. Place your protecting Spirit over all people affected by violence and war. Amen.

***Prayer No. 30 – Taken from OVERFLOWING - Prayers for a More Sustainable, Compassionate and Just World, published in recognition of PWS&D's 75<sup>th</sup> anniversary!***

**Prayer Partnership: The Presbyterian Church in Canada offers a prayer partnership that may form part of a daily devotional, please consider these prayer partnerships.**

**Sunday, August 7** We give thanks and pray for Presbyterian World Service & Development partners in Ukraine, Syria, Yemen and Afghanistan who deliver aid to those living in conflict zones or unsettled situations.

**Monday, August 8** We give thanks for the programs of Edmonton Urban Native Ministry in Alberta that provide a sense of belonging, care and inclusion for people of all nations while upholding Indigenous cultural practices.

**Tuesday, August 9 (International Day of the World's Indigenous Peoples)** We pray that all governments uphold the principles of the United Nations Declaration on the Rights of Indigenous Peoples so that all Indigenous peoples around the world may thrive.

**Wednesday, August 10** We pray for the members and work of the Ecumenical and Interfaith Relations Committee.

**Thursday, August 11** We pray for the Rev. Dr. Hanns Lessing, the Rev. Philip Vinod Peacock and Phil Tanis as they share leadership of the World Communion of Reformed Churches.

**Friday, August 12** We pray that congregations searching for a new minister will be filled with hope, wisdom and patience.

**Saturday, August 13** We give thanks and pray for congregations offering Vacation Bible Schools over the summer.

**Message from the Minister**

Have you ever gone down a slide on a dry day and had your hair stand on end? This picture I took of Orson shows the effect spectacularly, because of his beautiful and fine baby hair. You can see each hair reaching out with static charge, looking for something to share it with! The boys loved this novelty, and ran over to tell me to get a picture. Sadly, it doesn't take long for the electrons (and the hair) to equalize again, so it's a short-lived effect. But my boys are nothing if not energetic, so they kept climbing back up the slide to go down again and giggle at each other's crazy hair.

As Christians, we are called to reach out. One of our readings for this Sunday from the book of Isaiah calls us to *"learn to do good; seek justice, rescue the oppressed, defend the orphan, plead for the widow. (1:17)"* Jesus is very harsh with the religious folks of his day who spend their time debating the finer points of the Law while refusing to actually reach out with God's love to those around them. Those who follow Jesus should be lights in this world, with something amazing to share and bless the whole world with. We are like those hairs on Orson's head, reaching out to share the grace that has charged us up!

But just like that static effect, we need to be recharged to stay effective, and that won't just happen on its own. We need to find the spiritual "slides" that will charge us up and bring us joy as we receive the love, the hope, and the peace that we want to share with those around us.

So if you wish you were able to do more, consider how you are recharging! We need frequent contact with the Good News to keep reaching out without falling limp. Without it, how can you expect more of yourself? But don't be afraid, God's grace is always there, for free, ready for you. God's charge will never run out, it will put a smile on your face and be visible to everyone around you. And as an added bonus, unlike static charge, God's charge usually doesn't wreck your hairdo.

## From the Archives

We have been sharing some great pictures of former choir get-togethers these past few weeks. Hope you are enjoying them! This week, our picture was taken from a choir party on November 12, 1983. In the picture you'll see (from left to right) Katie Gray, Diane Kiefte, Ted Hannah, John Green, Jane Green, and Harry Kiefte.

Thanks Pam for these wonderful pictures!

## Church Trivia Questions

### Way back when:

**Last week the question was:** Where did many of the missionaries come from and what kind of training did they have?

**The answer is:** The missionaries (those who worked in the outports) came from Great Britain with some local ones who became lay ministers after a missionary left. There was little training for most the exceptions were some of the missionaries sponsored by the Congregational Colonial Missionary Society in England.

**This week the question is:** When did paying for your pew start and end in our church's history? And how much were you expected to pay?

### Recent History:

**Last week the question was:** St. David's was a front-runner when it came to the new church on Elizabeth Ave. What kind of roof did it have?

**The answer is:** Metal is back! St. David's started life with a metal roof and it would be in the fore front of style today with its original roof. A new roofing style is happening now with both new and older homes. You realize it when a cousin's home in Lady Cove went metal (he did it himself) and when Clarendville's Home Hardware store went metal for its lumber yard (the old Clarendville Stadium)!

**This week the question is:** St. David's had a couple of problems with its roof, what were they?

**Do you have any ideas for some church trivia? Email or call the church.**
