Friends Along the Way

A Young Adult Christian Study & Fellowship

What is Friends Along the Way?

Friends Along the Way is a gathering for young adults across St. John's Christian communities who want to build friendships, grow in faith, and walk alongside one another following Jesus. Whether you're new to the area, transitioning out of university, or simply hoping to connect with other Christians in a similar stage of life, we'd love for you to join us!

What Will We Be Studying?

We will be exploring Practicing the Way, a series on spiritual practices including prayer, generosity, Sabbath, and community. Each session includes a short video followed by a group discussion We'll spend four sessions on each practice, giving us time to reflect, try it for ourselves, and share our experiences. If you'd like to learn more about Practicing the Way, please visit: https://www.practicingtheway.org/course

What Does a Typical Gathering Look Like?

Our gatherings will start with everyone having supper together before we proceed into our study. We'll watch a Practicing the Way video together and then split into small groups to reflect on what we've learned. After study is over, there will be time to socialize and play pickleball. The evening is meant to be relaxed, conversational, and a way to connect with new friends.

Do I Need to Attend a Particular Church?

Not at all! Friends Along the Way is an independent initiative welcoming young adults from different Christian traditions. While our gatherings take place at St. David's Presbyterian Church, we are not affiliated with any one congregation, and we encourage everyone to remain actively involved with their own church communities.

When and Where?

Our first gathering will take place 6:30 pm Saturday, November 21st at St. David's Presbyterian Church. We will continue to meet every second Saturday. Contact Information: Interested in joining or have questions? We'd love to hear from you! Please contact: mcolbourne11@gmail.com or inemesitotuekong@gmail.com
