

MISSION MOMENT: Sunday, June 7

The Presbyterian Church in Ghana, through the Garu Community-Based Rehabilitation (CBR) program, supports people living with disabilities as they use their gifts and pursue their goals. “I was really in a very challenging situation before I connected with the CBR. I could not move and was totally helpless. Besides, I had nothing to do to earn a living. I depended on the benevolence of some family members, but it was not possible for them to provide for me all the time. They equally had their lives to live. The CBR program and its partners came to my rescue. Today, I am mobile because of the tricycle that I received from the CBR. I now own and run a business to earn a living,” shares 41-year-old Awini Agnes. PWS&D helps to fund this program.

DAILY PRAYER

Sunday, June 7 (General Assembly Sunday) We pray today for the General Assembly of The Presbyterian Church in Canada as it begins its meeting this evening at York University, Toronto.

Monday, June 8 Loving God, rescue us from competition and ambition, that we may work together for the building up of your church and the healing of the world.

Tuesday, June 9 We pray that God will protect all who suffer hate because of their faith, and that we will be united across traditions to stand for dignity and love.

Wednesday, June 10 We pray for The Presbyterian Church in Canada as it marks its 151st anniversary. In recognition of God’s continuing faithfulness, may we walk boldly in faith, love deeply, and press forward in hope.

Thursday, June 11 We pray for safe journeys for the Commissioners, Young Adult Representatives, Student Representatives, staff, and resource persons as they travel home from this year’s meeting of the General Assembly.

Friday, June 12 We give thanks for the community and support that church members provide for one another, in a world where people are becoming more and more isolated.

Saturday, June 13 We pray for countries threatened with invasion and aggression from other countries that seek to illegally expand their borders and take resources.
